## ABOUT US

Nordic offers the largest fireplace, masonry and landscape showroom in all of central and west central Minnesota. The showrooms are designed to help customers visualize all the possibilities available to them before and during their building and remodeling projects including indoor and outdoor fireplaces, pavers and retaining walls, natural stone walkways and so much more. If you're looking for inspiration, a visit to any of our showrooms is a must.

Along with beautiful displays, you will find friendly, experienced staff that are familiar with the latest trends in the industry. They share their knowledge to help customers choose the perfect fireplace, brick or stone for their home. They also work closely with local contractors, and help partner customers with the best team for their project.

Alex Brick & Stone was established in 1998 by Wayne Jenzen, a second generation mason contractor, and his wife, Nancy, in Alexandria MN. In 2008, they opened their second location in Willmar, MN. After 17 years of working alongside his father, Wayne's son, Neil Jenzen, took over in 2014. Joel Peterson (Lake Country Fireplace & Exteriors) joined in ownership in 2015, bringing even more masonry & landscape experience, along with extensive knowledge in geosynthetics and erosion control. In the spring of 2022, Nordic opened their 3rd location in Nisswa, MN, and in 2023, the three brands united as one to become Nordic.

Today the Alexandria, Willmar and Nisswa locations employ over 40 team members, work with many local businesses and contractors and have built a reputation of knowledge, skill and exceptional service to every single customer who walks through their doors.
